Youth Coaching Vienna

www.oesb.at

www.oesb-jugendcoaching.at/wien/

Ein Unternehmen der ÖSB Gruppe.

What is Youth Coaching?

- Youth coaching is funded by the Social Ministry Service and has existed since 2012
- Youth coaching offers young people who have **dropped out of school and are at risk of exclusion** counselling to help them decide on their further education and career path.
- It provides **individual support until sustainable integration** into a further education system or the labour market is achieved.
- The counselling services also include supporting young people in those areas **(personal and social problem areas)**, which can hinder their ability to complete their education.

Principles of Youth Coaching

The offer of Youth Coaching...

- is based on the **principle of voluntariness** of all participants and
- is based on a **relationship of trust** and
- **resource-oriented** work with young people
- **The active inclusion of young people's social environment** is strived for.

Who is the target group?

...Young people between the ages of 14 and 19...

- 1 Young people from the individual 9th year of school attendance onwards
- 2 Young people from outside the system up to their 19th birthday
- 3 Young people with (former) special educational needs or a disability up to their 24th birthday

Why Youth Coaching?

... so that education and training opportunities are increased ...

- 1 Prevent early school and education drop-out and thus low qualification levels
- 2 Keep young people in education and training until they are 19 if possible
- 3 Reintegrate young people outside the school system and work with them to develop suitable perspectives

Access to youth coaching

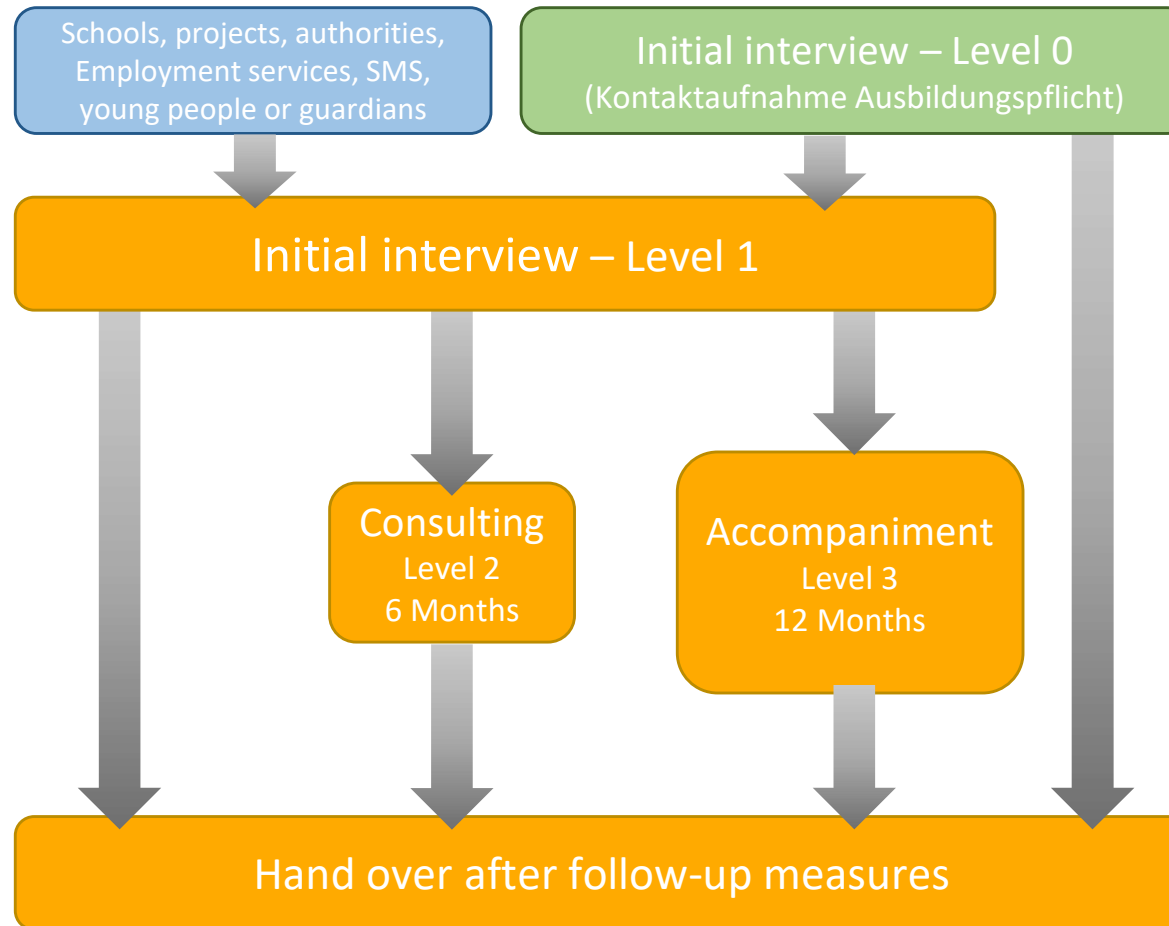

How do young people find access to youth coaching?

- 1 Young people in the target group are identified and supervised at school using standardised procedures.
- 2 Young people in the target group can be recommended to the program by other agencies.
- 3 Young people in the target group can visit our sites independently.
- 4 Young people, parents or teachers can get in touch via social media (Instagram, Facebook) or via chat.

Young people are considered to be minors who **do not need the consent of their legal guardians** to make use of youth coaching.

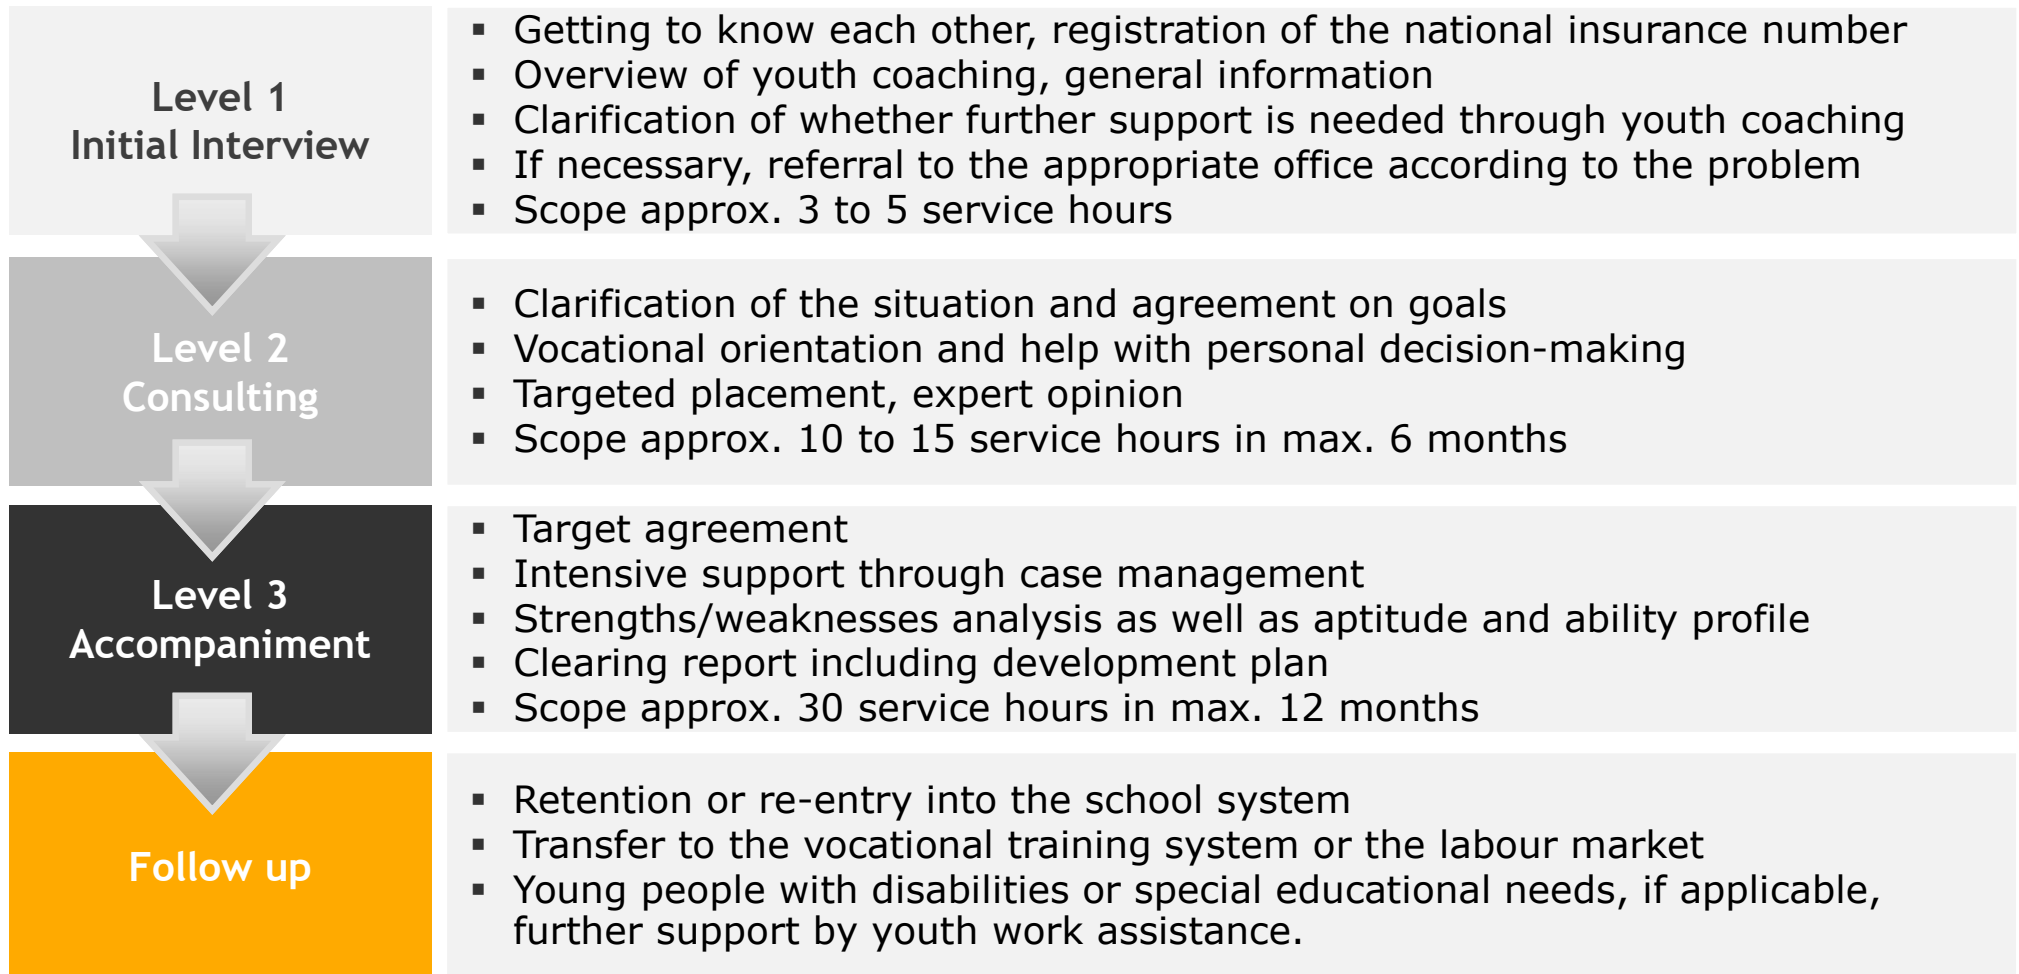

How does youth coaching work?

Youth Coaching – Flow chart
